Anti Money Laundering Policy

ECM Trader actively complies with all anti-money laundering laws and regulations, including reporting and blocking of assets, to the fullest extent that it can do so under all applicable foreign and domestic laws. On an ongoing basis, ECM Trader shall review account activity for evidence of suspicious transactions that may be indicative of money laundering activities. For our client fund safety, this review may include surveillance of:

- 1) money flows into and out of accounts
- 2) the origin and destination of wire transfers
- 3) any other activity outside the normal course of business

Contact our customer support team at info@ECMtrader.com if you have any questions.
